Trip Summary:

The Japan team will be partnering with Japanese churches to share the gospel with the people of Hokkaido. We will be spending time praying and distributing literature to prepare for our outreach concerts. The goal is to bring Japanese people in the church doors, to connect with the Japanese believers and to have them hear a gospel presentation. A large part of the trip consists of fellowshipping with and encouraging the Japanese believers. The trip requires people who are spiritually mature, relational, and comfortable meeting new people.

In the Fall of 2005 the Castlevision Missions Committee established the STM subcommittee and commissioned them to prayerfully create a plan for short term missions at Castlevision. We are excited to present three mission trip opportunities for summer 2010. We hope that you will prayerfully consider your involvement by going, praying, supporting and/or communicating. We want the whole body at Castlevision to actively participate in STM for the glory of the Lord!

The Philosophy of Three Trips, One Team: While there are three different locations offered, our goal is to operate as one STM team before and after the trips. We will have one:
